NEW LIFE LEASE HAS BEEN GIVEN

Rawlings Boys' Cases Will Go Back to Supreme Court.

THEY WILL SECURE NEW TRIALS

Attorney Cooper Files Bill of Exceptions in Extraordinary Motion for a New Trial and Judge Mitchell Signs It—What Cooper Says.

Macon, Ga., June 15.—John R. Cooper, attorney for J. G. Rawlings and sons, Jesse and Milton, has secured the signature of Judge Mitchell, of Lowndes superior court to a bill of exceptions in an extraordinary motion for a new trial for Rawlings' sons, and the fight for their lives goes back to the state supreme court.

Twenty days ago Attorney Cooper filed an extarordinary motion for new trial for Milton and Jesse Rawlings upon the grounds that the father had confessed to having hired Alf Moore to commit the terrible crime for which all have been sentenced to die.

Judge Mitchell denied this motion, and exceptions were taken.

On arrival here Wednesday afternoon Attorney Cooper declared that he had secured the present bill of exceptions upon unquestionably good grounds. Judge Mitchell did not hesitate to sign the bill, and the hopes of saving the lives of Jesse and Milton Rawlings were given wonderful force in this action. Attorney Cooper declares that he will be able now to secure new trials for the two younger prisoners under sentence to die July 12th.

"In my fifteen years at the bar, I have neved presented a more reasonable bill of exceptions in such a case," said Mr. Cooper.

No turn in any phase of these cases has afforded Milton and Jesse Rawlings more favorable opportunity for escaping the gallows, according to their counsel, and the matter will be laid before the state supreme court in the hope of securing the long-discussed new trials.

Blew Up Balking Horse.

Raleigh, N. C., June 15.—A white farmer, Solomon James, has been arrested in Guilford county upon a warrant sworn out by the newly organized local society for the prevention of cruelty to animals. While James was driving home from a country church his horse balked near a Holiness church, in the suburb of South Greensboro. James became so furious that he went to a friend nearby and secured a stick of dynamite, which he exploded under the horse in the highway, the charge literally blowing off the head of the animal. At the noise of the explosion a number of people ran to the scene and saw the horrible sight.

Celebration Is Planned.

New York, June 15.—Plans for the celebration of the 300th anniversary of Henry Hudson's exploration of the river which bears his name and the 100th anniversary of the first successful navigation of that river by steam, by Robert Fulton, took tangible shape at a meeting of the Hudson-Fulton celebration executive committee presided over by General Stewart L. Woodford, the chairman. It was decided the celebration should take place the week beginning September 20, 1909, and that instead of a temporary "world's fair," there shall be dedicated monumental works of lasting benefit to the people.

R. F. D. CARRIERS GET VACATION

Fight for Them Is Won by Senator Clay of Georgia.

Washington, June 15.—Senator Clay has won his fight for the rural free delivery carriers.

The provision for fifteen days' annual vacation for each carrier with pay remains in the postoffice appropriation bill.

The Georgia senator had an exceedingly hard contest on his hands when the senate and house conferees began their consideration of the bill on Wednesday.

Chairman Overstreet and his colleague, Mr. Gardner, of New Jersey, republican conferees on the part of the house, were bitterly opposed to the Clay amendment, and said they would never accept it.

At the same time, Senators Penrose and Dolliver, the republican conferees on the part of the senate, were very lukewarm in its support. All through Tuesday and Wednesday afternoon until 5 o'clock, the battle waged in the conference. Other differences between the two houses were easily adjusted, but the house conferees stood out against the rural carrier provision until they found they could make no impression upon Senator Clay, who declared he would rather see the bill fail than to have the rural free delivery carrier vacation provision stricken out. The Georgian kept Senators Penrose and Dolliver firm in their support of his measure. The result was as stated, a final victory for Senator Clay.

Believe It Was Marshall.

Birmingham, Ala., June 15.—It is thought by the members of his family in this city that the man who committed suicide from the bridge in Little Rock, Ark., by jumping into the river several days ago, is William J. Marshall, a well known contractor of Birmingham. The corpse has not yet been identified in Little Rock, but the family of Marshall give these facts to substantiate their belief that the suicide is from Birmingham. Mr. Marshall left his home here June 7 under the influence of liquor, saying he was never coming back. Two days later an express package was received here from Little Rock by members of the family containing Mr. Marshall's watch, pocketknife and $80 in money. He also wrote a letter, in which he alluded to the Philippines. Nothing has been heard from him since.

Adams, a young man residing here, is lodged in Bibb jail, charged with larceny after trust, after a chase in which he was landed at Barnesville and returned here by Deputy Jones. He is accused of securing about $150 from Miss G. F. Reidy, who, it is stated, he was soon to wed. After disposing of the money belonging to his fiance, and after he became suspicious, the officer was put on his track and as a result he must face the charge instead of the promise to marry. The arrest caused considerable interest among the friends of both parties on account of their prominence.

NINE MEN KILLED; FORTY ARE INJURED

Result of Explosion on British Steamer.

SEVERAL BODIES DISMEMBERED

Explosion Was Heard Many Miles and Was Apparently Caused by the Ignition of a Barrel of Naptha—Fire Resulted from Explosion.

London, June 15.—Nine men were instantly killed and about 40 wounded as the result of a terrific explosion Thursday on the British steamer Haverford, of the International Navigation company.

The vessel, which is commanded by Captain Nielsen, arrived here Wednesday from Philadelphia June 2, landed her passengers and proceeded to Huskisson dock early Thursday morning in order to unload. The stevedores were in the act of loosing the steamer's hatches when suddenly a most violent explosion occurred. It blew off the hatches, rent the decks and hurled dead and wounded men in all directions.

Several bodies were dismembered, and the deck resembled the floor of a charnl house.

The explosion, which was heard for many miles, was apparently caused by the ignition of a barrel of naptha, and was followed by an outbreak of fire.

The cargo, consisting of linseed oil cake, in hold No. 2 and hold No. 3, was soon blazing fiercely.

Firemen and police hurried to the spot and the injured were quickly taken to a neighboring hospital, while the work of searching for further possible casualties proceeded with vigor, in spite of the fireceness of the fire, which soon attained alarming proportions, owing to the inflamable nature of the cargo.

After two hours' hard fighting, however, the firemen obtained the mastery of the flames.

It is believed that a number of men taken to the hospital will succumb to their injuries.

The cause of the disaster has not been ascertained.

Kansas City, June 15.—The Chicago Burlington and Quincy Railway Company was found guilty here late Wednesday afternoon by a jury in the United States district court on four counts of granting concessions on packing house shipments for export to the Armour Packing company, Swift & Co., Cudahy & Co., and the Nelson Morris Packing company. The conviction carries with it a fine of from $1,000 to $20,000 on each count.

Judge Smith McPherson, the presiding judge, deferred sentencing the defendant until June 22. All four counts are practically the same. The case of the Armour Packing company, on which instructions were read to the jury, charged specifically that the Burligton railway, on August 17, 1905, accepted a shipment of oil from Kansas City to Liverpool at a rate that included a rate of 23 cents a hundred pounds, Mississippi river to New York, whereas the regular tariff at that time was 35 cents.

Marcus Sent to Scaffold.

Charleston, S. C., June 15.—William A. Marcus, a former member of the coast artillery, stationed at Sullivan's island, was convicted in the court of sessions and sentenced to be hanged August 3. His crime was brutal, and caused considerable indignation. Getting an interview, April 14, with his wife whom he had deserted, Marcus led her to a quiet spot on the beach and stabbed her to death with an ice pick, inflicting forty wounds. The evidence tended to show that the woman refused to sell property she owned and give him the money. Insanity was urged by his attorneys.

According to Sturgeon's story, the three men appeared at the room of Daisy Jackson, 431 Eleventh street, and called for her. Sturgeon, who was with her, denied them admittance. He claims they were boisterous and began trying to kick the door in. BASEBALL TEAM NOW ORGANIZED

Solid Citizens Are Placed As Officers of the Association.

GREAT INTEREST MANIFESTED

The Meeting Wednesday Night Resulted Most Satisfactorily, the Team Organized, and Two or Three Games Will be Played Next Week.

A large and enthusiastic crowd was present at the meeting called for the organization of a baseball club Wednesday evening, with the result that it was decided to organize, and the organization was perfected by the election of Hon. W. G. Robinson as president, J. R. Fowler as vice-president, and S. M. Davis as secretary and treasurer.

Quite a number of baseball enthusiasts were present at this meeting, and made interesting talks. It was decided that a good ball team was essential, and that now was the opportune time for its organization. A number also agreed to take an active part in the game, and the probability is that Gainesville will have a team this summer second to no amateur club in the State.

All interested are requested to report at the park at 3:30 o'clock this afternoon for practice.

Two games are assured during the coming week, and the management is desirous of arranging for a third one. The local team will play Monticello on Wednesday, Tallahassee on Thursday, and possibly Palatka on Friday. All games will be pulled off on the local diamond.

Our people should rally to the support of this club, as Gainesville, up to a couple of years ago, has always enjoyed the reputation of having the champion amateur baseball team of the State in the famous Oak Halls.

Killed a Rattler.

Rev. A. B. Welch, the colored Baptist divine of Bennington, saw snakes Thursday, but they were the genuine, and he knew it. Reverend Welch was en route from his home to this city when at Hog Town Creek, right in the middle of the road, he encountered an enormous rattlesnake, ready to do battle, and defying him.

There is an old adage that the "long pole gets the persimmon." Rev. Welch got the "long pole," but in this instance it was no persimmon, but a deadly monster of six feet in length with twelve rattles and the customary button.

As evidence that he had performed his work well, he brought the rattles to The Sun office.

Woman's Trials.

The bitter trial in a woman's life is to be childless. Who can tell how hard the struggle may have been ere she learnt to resign herself to her lonely lot? The absence of children to bind marital life together, the absence of this one pledge of mutual affection is a common ill. Many unfortunate couples do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the children of others. To them the largest family does not seem too numerous.

In many cases of barrenness or childlessness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorite Prescription has been the means of restoring health and fruitfulness to many a barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical character, but easily removable by painless operative treatment at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., over which Dr. Pierce of the "Favorite Prescription" fame presides. CASE WAS MISTRIAL.

Jury Could Not Agree as to Case of State vs. Pinkoson.

Chief of Police Chas. Pinkoson, Elmer McCreary, Larkin Carter and others returned from Ocala Friday, having been on Friday morning in attendance upon a case, the style of which was the State of Florida vs. Chas. Pinkoson, assault and battery.

The warrant in this case was sworn out by J. W. Malphurs, who alleges that, on a certain train and on a certain date, in Marion county, the defendant did make an assault upon another party by the name of Malphurs.

The case was argued before a jury, and many witnesses examined, and after the submission of this, the jury returned a verdict of non-agreement, which means a mistrial. It is understood that four of the jury were in favor of acquittal and two opposed.

The trouble occurred on an excursion train between Gainesville and Silver Springs in May, since which time it has been in the courts.

This mistrial means that Officer Pinkoson and his witnesses, as well as witnesses for the State, must return to Ocala at whatever date the court sets.

Valuable Property Sold.

The following is from the Ocala correspondent of The Times-Union, under date of June 15:

Through the instrumentality of J. N. Strobhar, the beautiful orange grove property on Lake Panasoffkee, belonging to James A. Harris, has been sold to some wealthy parties who reside at Atlanta, Ga., Boston, Mass., and Toronto, Canada.

The property will be converted into a game preserve and club house, and these gentlemen will spend the winter months at Panasoffkee fishing and hunting. In the meanwhile the orange trees will not be neglected, but under the direction and supervision of Capt. J. D. Power of this city will be put on a par with the best orange groves in the State.

A Sad Drowning at the Springs.

Covered from five to fifteen feet with muddy river water is the condition of those springs that are on the bank of a river, after heavy rains, while visitors are waiting and wishing that it was like those wonderful Wekiwa Mineral Springs near Apopka in Orange county, where 25,000 gallons of the purest mineral water in Florida gushes out every minute, cures your rheumatism, dyspepsia and indigestion as you lounge in the shady park, and where river nor rains can ever overflow.

RIVERS' SUCCESS IN SECOND PRIMARY

Indications Show That He Has Won Out by Sixty-Four Votes.

THE CONTEST WAS CLOSE

Considering the Number of Votes Polled—One Precinct It is Understood Was Thrown Out in Putnam County, Owing to Irregularities.

The second primary is over, and from the pickings we are reminded that the race for State attorney in the Eighth Circuit was a tolerably close one considering the number of votes polled.

While the returns have not been officially canvassed by the state committee, it is an assured fact that Hon. J. M. Rivers has won. His plurality, as has been figured, over Fielding is 64, and over Calhoun 128.

The following is an unofficial summary of the vote, but is conceded to be correct:

Alachua	234	225	652

While nothing authentic has been learned, it is understood that Bostwick precinct in Putnam county was thrown out on account of certain irregularities contrary to the laws of a white Democratic primary.

BASEBALL TEAM NOW ORGANIZED

Solid Citizens Are Placed As Officers of the Association.

GREAT INTEREST MANIFESTED

The Meeting Wednesday Night Resulted Most Satisfactorily, the Team Organized, and Two or Three Games Will be Played Next Week.

A large and enthusiastic crowd was present at the meeting called for the organization of a baseball club Wednesday evening, with the result that it was decided to organize, and the organization was perfected by the election of Hon. W. G. Robinson as president, J. R. Fowler as vice-president, and S. M. Davis as secretary and treasurer.

Quite a number of baseball enthusiasts were present at this meeting, and made interesting talks. It was decided that a good ball team was essential, and that now was the opportune time for its organization. A number also agreed to take an active part in the game, and the probability is that Gainesville will have a team this summer second to no amateur club in the State.

All interested are requested to report at the park at 3:30 o'clock this afternoon for practice.

Two games are assured during the coming week, and the management is desirous of arranging for a third one. The local team will play Monticello on Wednesday, Tallahassee on Thursday, and possibly Palatka on Friday. All games will be pulled off on the local diamond.

Our people should rally to the support of this club, as Gainesville, up to a couple of years ago, has always enjoyed the reputation of having the champion amateur baseball team of the State in the famous Oak Halls.

NEWS OF CITY AND COUNTY CONDENSED

V. P. Harmeling, local agent of the Florida Life Insurance Company, left yesterday for Jacksonville on a business trip.

Special Agent E. D. Stanford of the United States land office has gone to Washington, having been summoned there on special official business. He expects to be absent several days.

Mr. and Mrs. Marvin S. Phifer have removed from their former home, West Church street, to the Flewellen cottage, North University street, where they will be glad to welcome their friends.

L. J. Knight and son, Lucius, were among the visitors from LaCrosse to this city yesterday. Mr. Knight is a progressive farmer, and as a consequence is independent. He is one of the leaders in that section.

The children of the Methodist Sunday school are requested to meet in the Sunday school room at 4 o'clock this afternoon for final rehearsal for exercises to be held Sunday evening. All are urged to be present.

M. H. DeLand, assistant cashier of the Bank of Alachua and one of the most popular young men of that progressive town, was in the city on a brief business trip yesterday. Mr. DeLand has been elected cashier of the Bank of Williston, which will soon be in operation, and it is needless to add that he will make a faithful and efficient official.

J. R. Waterman, formerly of Ocala but for the past eight years located with the Winchester Gold Mining Company of El Callio, Venezuela, has proceeded to his home, after a couple of days spent in this city on a visit to friends. Mr. Waterman is well known here, and was gladly welcomed. He is on a vacation of a couple of months, after which he expects to return to Venezuela.

P. M. Pournell, who has been conducting a grocery store at the corner of E. Main and E. Union streets for for the past two years, has decided to close out the business, and will return to his old home, Ft. White, where he will engage in the mercantile business. Mr. Pournell has been successful in business. He has made many friends and customers, all of whom regret to see him leave, but will wish him well wherever he may be.

H. D. Derrick, the clever traveling salesman of the American Tobacco Company who makes his headquarters in this city, expects to leave today on his annual vacation for his old home in Tennessee. This means that the Brown House lobby will be "dull" for a while, for Mr. Derrick assists Col. E. C. Cobb in keeping things lively there. It has been confidentially but good-naturedly intimated that Landlord Ettel would be willing not only to give Mr. Derrick his board and lodging if he would decide to "lay around" during this vacation, but would actualle pay him 60 cents a week as a salary. However, Mr. Derrick wants a change, and says he will "go or bust."

Special Train of Five Coaches Passed Through Friday.

A TOUR OF INSPECTION

Party Comprised General Manager Royal, Chief Engineer Pleasants, and District Superintendent Ford of the Third District.

A special train of five coaches arrived over the Atlantic Coast Line from the North Friday morning.

This train contained General Manager W. N. Royal and Chief Engineer Pleasants of the general headquarters, Wilmington, N. C., Superintendent H. A. Ford of the Third Division, with headquarters in Jacksonville, with their stenographers.

The train arrived about the middle of the forenoon, and the party was met at the station by Division Superintendent Glass and other attaches of the road here. Under direction of Mr. Glass they made a thorough inspection of the company properties, after which the were driven about the city, visiting the University buildings and other places of interest. At the conclusion of this drive, the visitors expressed themselves as being well pleased with the city and its progress.

The train left for the south about noon, and the officials will visit all principal stations before leaving the State.

The party was joined here by Division Superintendent Glass, who will accompany the officials over his division.

Killed a Rattler.

Rev. A. B. Welch, the colored Baptist divine of Bennington, saw snakes Thursday, but they were the genuine, and he knew it. Reverend Welch was en route from his home to this city when at Hog Town Creek, right in the middle of the road, he encountered an enormous rattlesnake, ready to do battle, and defying him.

There is an old adage that the "long pole gets the persimmon." Rev. Welch got the "long pole," but in this instance it was no persimmon, but a deadly monster of six feet in length with twelve rattles and the customary button.

As evidence that he had performed his work well, he brought the rattles to The Sun office.

Woman's Trials.

The bitter cup in a woman's life is to be childless. Who can tell how hard the struggle may have been ere she learnt to resign herself to her lonely lot? The absence of a little link to bind married life together, the absence of this on whose head maternal affection is a common display. Many unfortunate couples [illegible] lonely. Even if they do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the children of others. To them the largest family does not seem too numerous.

In many cases of barrenness or childlessness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorite Prescription has been the means of restoring health and fruitfulness to many a barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical character, but easily removable by painless operative treatment at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., over which Dr. Pierce of the "Favorite Prescription" fame presides. In all cases where children are desired and are absent, an effort should be made to find out the real cause, since it is generally so easily removed by proper treatment.

In all the various weaknesses, displacements, prolapsus, inflammation and debilitating, catarrhal drains and in all cases of nervousness and debility, Dr. Pierce's Favorite Prescription is the most efficient remedy that can possibly be used. It has to its credit hundreds of thousands of cures—more in fact than any other remedy put up for sale through druggists, especially for woman's use. When a woman wants to get rid of her husband for an hour, she sends him up stairs to get something from the pocket of her dress.

The newspaper is a law book for the indolent, a sermon for the thoughtless, a library for the poor and an admonisher for the lawless.

One of the last tributes which we can pay to our beloved dead is to see that their last resting-place is fittingly marked. We owe it to them as well as ourselves to place an enduring monument over their graves.

The Postmaster-General has kindly granted permission for mail carriers to deliver in automobiles. Now if he will take one more step and provide the automobiles and a chaffeur the carriers will be supremely happy.

There are two ways of getting into a newspaper—"purchasing an interest and purchasing an interview." There is still another way—pulling the wool over the editor's eyes and getting in for nothing. This is a very popular form of entry.

Each year the poultry business is becoming more lucrative and now assumes proportions that will soon rival any branch of farm industry. Farmers are forced to acknowledge that the old hen can lift her own weight in raising a mortgage from the farm.

If you want to ruin your boy just take his side on every question and dispute he has with his teacher or your neighbor's children. Just let him know you are with him, right or wrong, in all his disputes. This will give him a good start in the downward path.

We note with pleasure that the farms in this section are developing into a higher stage of cultivation. The young farmers have certainly improved in the profession, and the more modern way of farming is causing Mother Earth to produce her largest and best crops.

Nature studies should be found in all grades of public schools, from the kindergarten to the college, as it is of utmost importance, since it appeals to our practical life, and for developing our highest and best good, by bringing us close to nature's heart, and near to nature's God.

If there is any great question pressing for solution, the influence of which is to affect the home-life, the women of Gainesville are ever on the alert to see that it is correctly solved. Thus working, they've formed a nucleus around which have been erected institutions that stand as a living monument in their defense of the home.

No matter what you do, provided you do it better than some one else could do the same thing, there's a welcome awaiting you in the world. It was Emerson, we believe, who said: "If a man can write a better book, preach a better sermon, or make a better mouse trap than his neighbor, though he built his house in the woods, the world will make a beaten path to his door." Try to excel—it's a laudable ambition.

The farmer, if he only knew it, is a little nearer the kingdom of heaven than anyone on earth. He is certain of three square meals a day and is the only man who can fence himself in and live in spite of the rest of mankind. A few cattle and sheep and fowl provide him with food and clothing, while his fields yield him flour and a source of revenue. So generous are these provisions and so common, that hardly one farmer in ten makes any account of them, although the ordinary business man thinks he has done well when he reaches the end of the year and finds that he has a little more than made ends meet.

There is not a man in Gainesville, however indifferent to the claims of Christianity, who would want to rear his family here if there were no churches or church influence, for he at once recognizes them as the guardians of the morals of the community. What would be the condition of this community at the end of the next ten years if from this time until then the churches were closed? To what extent would life and property be safe? And yet, with all the organized agencies of the churches, the devil too frequently holds high carnival. What might we not expect if wholly divested of these good influences?

The Sun is pleased to see so many of our citizens taking pride in their homes. The word "home," next to that of "mother," is the greatest ever uttered by human tongue. What a refuge the home is when the darkness gathers! How glad one is to get a glimpse of home when time and space have separated him from it if even but for a brief period! There seems to be a good natured rivalry here in an effort to make "our home" look a little neater and thus be the more inviting to the occupants than all others. Such rivalry is certainly pardonable.

A local newspaper is absolutely necessary to any community. It is the home paper that keeps the people of the community in touch with each other by giving them all the news of their own neighborhood and county. For that alone they are of value and worth far more than the small subscription price. They keep the local pride and progressive spirit aroused and in various ways are worth far more to a community than a community ever spends on them.

Those of our readers who have relatives and friends in foreign countries will be pleased to know that a re-classification of mail to foreign countries has been established whereby articles may be sent to these countries at the rate of twelve cents per pound. The weight of the package must not exceed four pounds or the value fifty dollars. It has formerly cost $1 60 to mail a four-pound package which we can now send for forty-eight cents.

The more pleasing and pleasant our government can make farm life the better it is for the government. Our cities are over-crowded with worthless loafers that might be honorable and respectable farmers. The rural route is one of the things that has been provided to make farm life more desirable and attractive, and as we all have to live off the farmers nothing should be left undone that could be done to make the farm inviting.

We knew a father who used to talk to the boys like he did to vicious animals, and who used a strap on them at random. He said he was curbing their dispositions. In years to come every one of those lads went to the bad. In age they had no more respect for that father than they did for Satan. By some means a father should gain the love and admiration of his boys.

Beware of Ointments for Catarrh that Contain Mercury,

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.

HELD ON CHARGE OF FORGERY.

Culloden Merchant Claims Former Schoolmate Uses Bogus Check.

Culloden, Ga., June 15.—Mr. W. V. Means, a prominent young merchant of this place has returned from Athens where he went to identify E. W. Jordan, who was arrested in Perry on a warrant from Athens charging him with forgery. Jordan is also wanted in Atlanta, Macon and this place for the same offense.

He lived near this place all his life until about seven years ago, when his father moved with his family to Texas. Jordan appeared here about the last of April, claiming to be employed by the Baldwin Locomotive works as inspector of engines. He was stylishly dressed and carrying a handsome suit case. He claimed that his father had accumulated a fortune by a deal in cotton. While here Jordan met Mr. W. V. Means, an old schoolmate and next-door neighbor. He spent one day here, promising to come again and spend several days of his vacation with his friend. He later appeared here, and after staying a few days he presented Mr. Means a check for $125, claiming it to be a check for his month's salary, asking his endorsement, which he readily received, and the check was cashed by one of the banks here.

Jordan left the same evening the check was cashed. The next day notice of such checks being forgeries was received by the bank here. Steps were immediately taken to apprehend Jordan. Notice of his figuring in a similar deal in Atlanta was read a few days after his departure from this place. He has continued his scheme until arrested in Perry Friday evening.

As soon as the Athens authorities are through with him he will be brought here for prosecution.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Choked To Death by Burglar.

Indianapolis, June 15.—Mrs. Elizabeth Tresch, aged 51, was choked to death by a burglar Wednesday night. Mrs. Tresch lived for some time after the burglar escaped and revived long enough to tell of the cause of her death, but was unable to describe her assailant.

Caused Great Rejoicing.

Muscogee, I. T., June 15.—Here and there throughout Indian Territory there was great rejoicing Wednesday night over the apparent near approach of statehood. A movement has been started to set aside as a holiday the day following the signing of the bill.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

WILL FRY IS SHOT NEAR TOCCOA.

Huse Crawford in Jail But Denies Doing the Shooting.

Blue Ridge, Ga., June 15.—Huse Crawford shot and killed Will Fry, near McCays, 12 miles north of this place.

Fry, with White Dupree and Math Bennett, came to this place Tuesday afternoon, and after remaining a few hours, returned to McCays. Crawford lived at the ferry, just on this side of Toccoa river, and it seems that the party entered, or endeavored to enter his home. It is said that Crawford ordered the mto leave his premises, and while Fry was going out of the gate Crawford fired on him with a pistol, one shot taking effect in the abdomen, resulting in Fry's death.

About one hour later Crawford was brought to this place and lodged in jail. He denies the shooting, but witnesses who were at the commitment trial said that they saw him fire the shot.

Fry was a man of pretty good standing in his community, but was sometimes addicted to drinking, and is said to have been intoxicated at the time of the shooting. Crawford's home is said to have been the scene of trouble several times previous to this one.

Lieutenant Bolton Murdered.

Washington, June 15.—General Wood cabled from Manila to the war department under Thursday's date as follows: "Yesterday's dispatch from Brigadier General Tasker H. Bliss, reports the murder of First Lieutenant Edward C. Bolton and a citizen named Benjamin Christian on the night of June 9th, about 10 miles south of Davao." Davao is a town situated on the gulf of that name on the south side of the island of Mindanao, about 500 miles from Manila.

Will Not Accept Pardon.

Guthrie, Okla., June 15.—A. L. Harpster, who is serving a life term in the Kansas state penitentiary for the murder of Martin Julian a year ago, but who has been proven to be an innocent man by the dying confession of Byron Cole, near Enid last week, will not accept a pardon, but will ask that his name be cleared of the crime by a rehearing of the case.

Resigns In Protest.

Oakland, Calif., June 15.—A. G. Nelson has resigned the Pacific Coast management of the National Insurance company, of Hartford, in protest, it is said, against that company's policy of demanding a 25 per cent cut on adjusted claims arising out of losses sustained during the recent fire in San Francisco.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

Will Rave from 'Frisco.

Los Angeles, June 15.—If the plans suggested by those interested in the yacht race to Honolulu are followed out, the race will be from San Francisco instead of starting from San Pedro, for a cup offered by the Hawaiian Yacht Club. It is said about ten yachts are entered for next year's race.

Death From Lockjaw

Never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, Lenoxville, N. Y., writes: It cured Seth Burch, of this place, of the ugliest sore on his neck I ever saw." Cures cuts, wounds, burns and sores. 25c at all drug stores.

Several Injured in Wreck.

St. Louis, June 15.—A message from Kansas City states that the Frisco passenger train which left St. Louis at 8:45 Wednesday night crashed into a freight train between Westboro and Pierce City, Mo., injuring a number of persons seriously.

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble I know that it has cured consumption in the first stages." You never heard of anyone using Foley's Honey and Tar and not being satisfied. J. W. McCollum & Co.

MANY PEOPLE HAVE CATARRH OF KIDNEYS AND DON'T KNOW IT.

Backache, a Warning Symptom of Kidney Trouble.

Pe-ru-na Is Invaluable in Such Cases.

Prominent Persons Who Have Been Cured.

Mr. J. Blyler, 1505 Ohio street, Des Moines, Ia., writes:

"I wish to state my appreciation of your excellent remedy.

"I have always enjoyed excellent health, except frequent and painful attacks of bladder trouble, which doctors failed to relieve or cure.

"Upon recommendation I used Peruna to my utter satisfaction, not having had an attack now for four or five years." J. Blyler.

Catarrh of Kidneys Caused Much Suffering.

Mr. Leopold Brandl, 246 Bleecker street, Brooklyn, N. Y., writes:

"I was sick three months with catarrh of the kidneys and lungs. I was treated by my home physician and relieved to some extent, but after I had worked again for two weeks my old suffering—backache and pains in the right lung—returned. The dreadful cough which bothered me day and night lasted six months and no one could help me.

"I tried three different patent medicines, without avail. I could scarcely eat anything and slept only a few hours each night.

"A friend told me to take Peruna. I did so and the second day my appetite had improved. I took a teaspoonful of Peruna every hour, day and night, for three weeks. Now I have taken five bottles. I can eat enough for two people and am able to sleep well.

"Whenever I meet a sick person, I advise him to take Peruna. I thank you a thousand times for your medicine, as it was the only remedy that saved me. We continue to keep it in our family."—Leopold Brandl.

Dangerous Kidney Diseases Cured.

WHEN the kidneys become affected by catarrh, either from colds, overwork, or an extension of catarrh from some other organ, they fail to perform their normal functions.

It is the work of the kidneys to excrete from the blood many of the poisons which accumulate in the body.

If the kidneys fail in their work, the poisons accumulate to such an extent as to cause convulsions, which often prove fatal.

Peruna, by relieving the kidneys of their congested and catarrhal conditions, leaves them free to act in a normal manner.

It also strengthens the action of the heart, equalizing the circulation of the blood in all parts of the system.

A remedy that relieves catarrhal derangements of the kidneys should certainly be considered a household remedy. Peruna is such a remedy.

High Commendation For Pe-ru-na.

Mr. C. B. Fizer, Mt. Sterling, Ky., writes:

"I have suffered with kidney and bladder trouble for ten years past.

"Last March I commenced using your Peruna and continued for three months.

"I have not used it since, nor have I felt a pain.

"I believe that I am well and I therefore give my highest commendation to the curative qualities of Peruna."

Neglected catarrh of the kidneys is apt to develop into Bright's Disease or diabetes, when a cure is almost an impossibility.

We have on file many testimonials like the ones given here.

We can give our readers only a slight glimpse of the vast array of unsolicited endorsements we are receiving every month.

No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

Address Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, for free medical advice.

All correspondence held strictly confidential.

Revised Formula—"For a number of years requests have come to me from a multitude of grateful friends, urging that Peruna be put up in more concentrated form, and with a slight laxative quality. I have been experimenting with a laxative addition for quite a length of time, and have finally succeeded, and am gratified to announce to the friends of Pe-ru-na that I have incorporated such a quality in the remedy which, in my opinion, can only enhance its well-known beneficial character. S. B. Hartman, M. D."

TRAINS COLLIDE ON SIDE TRACK

Four Persons Hurt in Wreck at Limerick, Ga.

Savannah, Ga., June 15.—The northbound passenger train on the Seaboard Air Line collided with a freight train that was taking a siding at Limerick, Ga., Tuesday afternoon.

Two of the passengers were hurt and the mail clerk and express messenger sustained injuries.

A wrecking train, with doctors, was dispatched from Savannah and the passengers were brought to the city on the relief train. Considerable damage wa sdone to equipment.

Mrs. Cooper, of St. Marks, Fla., and Mrs. Sarah Sullivan, of Laurens, S. C., were the passengers injured. They were taken to one of the hotels on arrival here.

The injured trainmen were Mail Clerk Stanfield and Express Messenger Dean.

Negro Gets Twenty Years.

Natchitoches, La., June 15.—Ike Connelly, a young negro who confessed that he attacked an 11-year-old white girl and tore her clothing, although not otherwise harming her, has been sentenced to twenty years' imprisonment. The charge against him was assault with intent to rape. Sentence was passed thirty six hours after the offense was committed. The girl's father helped to capture the negro and counselled moderation to those who suggested violence.

Deadly Serpent Bites

Are as common in India as are stomach and liver troubles with us. For the latter, however, there is a sure remedy, Electric Bitters, the great restorative medicine, of which S. A. Brown of Bennettsville, S. C., says: "They restored my wife to perfect health, afteryears of suffering with dyspepsia and chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder diseases. Sold on guarantee by all druggists. Price 50c.

American Library Association.

New York, June 15—The thirty-first annual convention of the American Library association will be at Narragansett Pier, R. I., on June 29, and will last a week. The association has about 1,500 members, who are librarians and their assistants. State Library commissioners, trustees of libraries and men and women who are interested in library work.

Edwards and Solomon Safe.

Savannah, Ga., June 15.—Herbert Edwards and Fred Solomon, the two members of the Savannah naval reserve, who were wrecked with three others on Beach Hammock, were rescued Wednesday by a searching party. They had suffered severely from exposure and hunger, but were otherwise none the worse for their disaster.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for chills and fever, and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown up people, and I recommend it. It is fine for la grippe." Sold by W. M. Johnson.

San Francisco Losses.

New York, June 15.—Through an error in transmission the losses of the Royal Exchange Assurance corporation were stated in a London dispatch Wednesday to be from $20,000,000 to $22,500,000. Corrected figures show that the corporation's San Francisco losses are from $2,200,000 to $2,400,000.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Co.

Forest Fires In Mountains.

El Paso, Tex., June 14.—Forest fires are burning in the Sacramento mountains northeast of El Paso, close to Cloud Craft, a summer resort. Great areas of valuable timber are threatened with destruction.

An Alarming Situation

Frequently results by neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulator of stomach and bowels. Guaranteed by all druggists. Price 25c.

TRAINS COLLIDE ON SIDE TRACK

Four Persons Hurt in Wreck at Limerick, Ga.

Savannah, Ga., June 15.—The northbound passenger train on the Seaboard Air Line collided with a freight train that was taking a siding at Limerick, Ga., Tuesday afternoon.

Two of the passengers were hurt and the mail clerk and express messenger sustained injuries.

A wrecking train, with doctors, was dispatched from Savannah and the passengers were brought to the city on the relief train. Considerable damage wa sdone to equipment.

Mrs. Cooper, of St. Marks, Fla., and Mrs. Sarah Sullivan, of Laurens, S. C., were the passengers injured. They were taken to one of the hotels on arrival here.

The injured trainmen were Mail Clerk Stanfield and Express Messenger Dean.

Negro Gets Twenty Years.

Natchitoches, La., June 15.—Ike Connelly, a young negro who confessed that he attacked an 11-year-old white girl and tore her clothing, although not otherwise harming her, has been sentenced to twenty years' imprisonment. The charge against him was assault with intent to rape. Sentence was passed thirty six hours after the offense was committed. The girl's father helped to capture the negro and counselled moderation to those who suggested violence.

Deadly Serpent Bites

Are as common in India as are stomach and liver troubles with us. For the latter, however, there is a sure remedy, Electric Bitters, the great restorative medicine, of which S. A. Brown of Bennettsville, S. C., says: "They restored my wife to perfect health, afteryeares of suffering with dyspepsia and chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder diseases. Sold on guarantee by all druggists. Price 50c.

American Library Association.

New York, June 15—The thirty-first annual convention of the American Library association will be at Narragansett Pier, R. I., on June 29, and will last a week. The association has about 1,500 members, who are librarians and their assistants. State Library commissioners, trustees of libraries and men and women who are interested in library work.

Edwards and Solomon Safe.

Savannah, Ga., June 15.—Herbert Edwards and Fred Solomon, the two members of the Savannah naval reserve, who were wrecked with three others on Beach Hammock, were rescued Wednesday by a searching party. They had suffered severely from exposure and hunger, but were otherwise none the worse for their disaster.

There Are Few

People who know how to take care of themseles—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for chills and fever, and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown up people, and I recommend it. It is fine for la grippe." Sold by W. M. Johnson.

San Francisco Losses.

New York, June 15.—Through an error in transmission the losses of the Royal Exchange Assurance corporation were stated in a London dispatch Wednesday to be from $20,000,000 to $22,500,000. Corrected figures show that the corporation's San Francisco losses are from $2,200,000 to $2,400,000.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Co.

Forest Fires In Mountains.

El Paso, Tex., June 14.—Forest fires are burning in the Sacramento mountains northeast of El Paso, close to Cloud Craft, a summer resort. Great areas of valuable timber are threatened with destruction.

An Alarming Situation

Frequently results by neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulator of stomach and bowels. Guaranteed by all druggists. Price 25c.

TRAINS COLLIDE ON SIDE TRACK

Four Persons Hurt in Wreck at Limerick, Ga.

Savannah, Ga., June 15.—The northbound passenger train on the Seaboard Air Line collided with a freight train that was taking a siding at Limerick, Ga., Tuesday afternoon.

Two of the passengers were hurt and the mail clerk and express messenger sustained injuries.

A wrecking train, with doctors, was dispatched from Savannah and the passengers were brought to the city on the relief train. Considerable damage wa sdone to equipment.

Mrs. Cooper, of St. Marks, Fla., and Mrs. Sarah Sullivan, of Laurens, S. C., were the passengers injured. They were taken to one of the hotels on arrival here.

The injured trainmen were Mail Clerk Stanfield and Express Messenger Dean.

Negro Gets Twenty Years.

Natchitoches, La., June 15.—Ike Connelly, a young negro who confessed that he attacked an 11-year-old white girl and tore her clothing, although not otherwise harming her, has been sentenced to twenty years' imprisonment. The charge against him was assault with intent to rape. Sentence was passed thirty six hours after the offense was committed. The girl's father helped to capture the negro and counselled moderation to those who suggested violence.

Deadly Serpent Bites

Are as common in India as are stomach and liver troubles with us. For the latter, however, there is a sure remedy, Electric Bitters, the great restorative medicine, of which S. A. Brown of Bennettsville, S. C., says: "They restored my wife to perfect health, afteryears of suffering with dyspepsia and chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder diseases. Sold on guarantee by all druggists. Price 50c.

American Library Association.

New York, June 15—The thirty-first annual convention of the American Library association will be at Narragansett Pier, R. I., on June 29, and will last a week. The association has about 1,500 members, who are librarians and their assistants. State Library commissioners, trustees of libraries and men and women who are interested in library work.

Edwards and Solomon Safe.

Savannah, Ga., June 15.—Herbert Edwards and Fred Solomon, the two members of the Savannah naval reserve, who were wrecked with three others on Beach Hammock, were rescued Wednesday by a searching party. They had suffered severely from exposure and hunger, but were otherwise none the worse for their disaster.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for chills and fever, and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown up people, and I recommend it. It is fine for la grippe." Sold by W. M. Johnson.

San Francisco Losses.

New York, June 15.—Through an error in transmission the losses of the Royal Exchange Assurance corporation were stated in a London dispatch Wednesday to be from $20,000,000 to $22,500,000. Corrected figures show that the corporation's San Francisco losses are from $2,200,000 to $2,400,000.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Co.

Forest Fires in Mountains.

El Paso, Tex., June 14.—Forest fires are burning in the Sacramento mountains northeast of El Paso, close to Cloud Craft, a summer resort. Great areas of valuable timber are threatened with destruction.

An Alarming Situation

Frequently results by neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulator of stomach and bowels. Guaranteed by all druggists. Price 25c.
